FROM THE PRINCIPAL

Students and teachers have completed a very busy term with a strong focus on completing work for final Semester 1 assessments. For the first time all year groups, Years 8-12, have completed exams, a new initiative to prepare students for all important final exams in Year 12. Teachers and students are working together to discuss results and setting improvement targets for Semester 2. Year 9 students have completed their NAPLAN assessment in Mathematics and Literacy. NAPLAN results will be made available to parents in late August.

Parent Reporting Evening

Our first semester reports were mailed home at the end of term and provided important feedback about your child’s progress. We were delighted with the number of parents who took advantage of the opportunity to add to the information in the report by meeting with teachers on our Parent Reporting evening. Teachers and parents working together, setting priorities to support further improvement is one of the most effective and powerful ways to improve the learning outcomes for your child.

After School Online Homework Centre

Students can now access MyTutor on line at home. Our new ‘online homework centre’, generously supported by Edith Cowan University, is designed to be flexible around after-school music, sport and travel commitments. There are no appointments needed and it can be accessed from home. The Online Homework Centre is staffed by Australian teachers and tutors in maths, English, sciences, online research, study skills and business suites for help with writing feedback and other questions.

Students have received their personal access card. When students have a homework question out of school hours, they should sign in at ecu.edu.au/yoututor. Students and parents can also sign into the online homework centre and ask the teacher for a quick tour of how it works or watch the how to video at yoututor.com.au/watch.

P & C

Many thanks to the parents who attended the Annual General Meeting of the P & C on the 22 May. A Quorum was successfully achieved and the following office bearers were elected for the next twelve months:
President: Sandra Melling, Vice President: Charles Ellis, Treasurer: Sue McHugh, Secretary: Belinda Jamieson, College Board Representative: Monique Bosshard-Curby.

The valuable service provided by the P & C in the management of the College Canteen and the College Uniform Shop is enjoyed by all parents and students. More parents contributing just a small amount of time will assist the very hard working few to maintain these services. The P & C meet once per term and this meeting is held on the fifth Tuesday of term at 7.00pm in the Staff Room. Please consider coming along or providing feedback through the representatives listed above.

The College and the P & C extend their extreme gratitude to Mrs Nola Steiner, the resigning Chairperson, and to Hennie Botes, the resigning Treasurer of the P & C. Both Nola and Hennie have given an enormous amount of their time to the College and have provided important leadership to the P & C.

College Board Update

Judy Edwards, after many years of valuable service to John Forrest Council and Board has resigned. The college community is extremely grateful for the enormous support Judy has provided in lobbying for improvements to our buildings and grounds.

We welcome two new Community Board members: Lisa Baker, MLA, Member for Maylands and Dr Megan Lloyd, Scientist/Microbiology and Immunology at UWA.

Staff Farewells

This term we are saying farewell to Mr Stephen Bauer who is retiring after 30 years at John Forrest. I extend our thanks and best wishes from all members of the college community for his outstanding career in science teaching and contributions to the Bush Ranger Cadets and to our college. Farewell, thanks and best wishes also go to Ms Jemima Flendt (Home Economics) who is taking up a position in a small business and Orysia Ford, Library Officer, taking up a new position at Mercy College.

Judy Silsbury, Principal

John D’Orazio Memorial Scholarship

Bendigo Bank recognises Georgia Nielsen, a 2011 Year 12 Leaver, by awarding her the Bayswater and Noranda Community Bank’s inaugural John D’Orazio Memorial Scholarship which supports local students with tertiary study costs. Georgia was presented with $5,000 towards her journalism course at Curtin University.
STUDENT SERVICES NEWS

Breakfast Club
The Breakfast Club is held in the Kelso Quad every Wednesday morning and has been a big success this year with an average of one hundred students participating each week. The breakfast consists of a variety of foods, including pancakes, cereals, yoghurts, toast, cheese toasties, flavoured milk and milo.

National studies consistently confirm that students concentrate, think, behave and learn better when they routinely start their day with breakfast.

It is a credit to the students that our volunteers serving the breakfast are commenting on how well mannered the students are.

Many thanks to our volunteers Emma, Graham, Shirley, Carey, Pam and Phil from the Salvation Army in Catherine Street who are doing a great job cooking and serving the breakfast. The Breakfast Club could not function without them. Thanks also go to Foodbank, who supply most of the breakfast through their School Breakfast Program, and to MLC Roof Services for their generous donation to support the Breakfast Club.

Breakfast Club is between 8.10 and 8.45am each Wednesday in the Kelso Quad and all students are welcome.

Phil Glossop, Chaplain

Luke Adams Foundation speak at Whole College Assembly
Luke Adams and Brett Warner from the Luke Adams Foundation spoke to our students at the College Assembly this term. The Luke Adams Foundation seeks to reduce anti-social behaviour and violence within our communities by raising awareness about the prevalence of violence and anti-social behaviours, the repercussions of such behaviours and the need for immediate action.

The presentation, delivered by Luke and Brett, was based around choices made in society and the consequences that occur as a result of these choices.

Luke discussed how his assault has changed his life and affected his AFL career. He also spoke about the struggles he has had to overcome his life threatening injuries as a result of his assault. Luke and Brett spoke about how the negative impact of peer group pressure, anti-social behaviour, binge drinking and senseless violence can impact on family and friends’ lives.

Luke and Brett were well received by the students with many questions being asked of Luke during the presentation.

Phil Glossop, Chaplain

College Uniform
We have been extremely pleased with the efforts of most students and the support from parents with regards to college uniform. With the colder weather now upon us it is important to maintain our high dress standards. In particular, parents are asked to ensure that only college jackets or windcheaters are worn (no hoods are allowed for security reasons) and only uniform items are worn to school.

Phil Glossop, Chaplain

LIBRARY SUPPORT
The library is open from 8.00am-4.00pm and at lunch times for all students. The recent upper school exams saw many students using the library to study individually or to form small study groups.

Homework help is available after school on Monday with Ms Trees and on other days with Mrs Hammond. During the school holidays the library will be open during the first week for studying and borrowing books from 8.00am-3.00pm.

Bindy Hammond, Librarian

WA Schools Table Tennis Competition
John Forrest Secondary College entered the WA Schools Table Tennis Competition this term with eight students representing the college from all year groups. The day was run very well by the Table Tennis Association of WA with some very good players attending, including some State representatives.

Our college performed very well. Two of our teams played against each other for a place in the finals with Tyson Cooper and Luke Allymamod winning.

Congratulations to Tyson and Luke as they went on to win the finals for their division.

Thanks to the students that participated and to Mr John Campbell for his support and help with the event.

Phil Glossop, Chaplain
The college has such a long and rich history of music that it only seemed fitting to have a concert as part of the 50th Anniversary celebrations. Past and present students were invited to be involved in a concert held on Friday 25 May 2012.

The past (from the classes of 1973 to 2011) and present students and staff generously gave up their time over the three weekends preceding the concert to prepare performances by a concert band, jazz band and choir. Many other past and present staff and students were able to join us in the audience for the concert.

Ex student Ashley Smith (2001) who is now studying at Yale University, having previously completed studies at UWA and NAMA, happened to be in Perth for the concert and wowed the audience with two fabulous pieces for Clarinet and Bass Clarinet.

On the night we were privileged to hear from past staff members, Les Peirce and Ted Lewis, who recounted their experiences at the College to a captivated audience. Some of Ted’s ex students also shared their stories of their time at John Forrest.

It was a fabulous night of music making and a walk back through the music history of the school courtesy of photo boards and reminiscences of our past students and staff.

Congratulations Raureti ...

Raureti Engelen (Year 10), one of our very talented percussionists, has been invited to join the percussion ensemble of Perth Modern School. Raureti is one of only four external students who have been invited to join. The ensemble will be performing in this year’s Opus Concert. The concert is intended to showcase the best ensembles from the Department of Education at the Perth Concert Hall this July.

Stephanie Parr, Specialist Music Teacher

2012 BOOK WEEK: CHAMPIONS READ

Does your world need more awesome?

Come and meet Derek Landy with the latest in his Skulduggery Pleasant Series at the John Forrest Secondary College Gymnasium on 20 August at 6.00pm.

Bring your siblings, parents and friends to this free and exciting event. You can also get your books signed by the author.

Thank you for taking the time to complete our Community Survey. Please return it to the Front Office Student Foyer by Friday 3 August 2012 together with your Raffle Ticket for a $50 Voucher prize. The prize winner will be notified in the next newsletter.

Thank you to Bunnings Morley

On 5 June the Manager (Julian Page) and the Activities Officer (Kirsty Green) from the Morley Bunnings store visited the College and the students in the Step Up Program. As a thank you and token of appreciation students and staff presented them with a Certificate of Appreciation for their recent donations of soil, fertilizers, plants, tools and their skills to assist the Step Up gardening project to change

The certificate was presented by our Principal Judy Silsbury in the garden where the students were keen to point out the vegetables that are being grown. Following the presentation an informal morning tea was enjoyed by all before Kirsty gave the students a lesson on compatibility planting and assisted them to prepare and plant 48 jiffy pots with a variety of seeds; marigolds, capsicum, tomatoes and carrots.

Greg Joyce, Step Up Program Coordinator
HEALTH & PHYSICAL EDUCATION LEARNING AREA NEWS

NETBALL NEWS

Netball students have been competing in the most important inter-school tournament for 2012 throughout Term 2. Five teams have represented John Forrest in the WA Champion Schools Tournament this year. Two Year 8 teams, two Year 9/10 teams and one Open Team.

On 11 May our teams competed in the first stage of the WA Champion Schools Netball Centre. Three teams progressed on to the second stage of the championships, the Inter-Zone Finals. On 14 June Year 8 Team 1 played Mercedes College at Mercedes. This was a very challenging encounter and unfortunately our Year 8s did not win. However they played extremely well against a team who has played together for some time.

On 25 June Year 9/10 Team 1 and 11/12 Open Team were victorious over their respective rivals Helena and Matre Dai Colleges. Both teams enjoyed convincing wins in their Inter-Zone Finals. Now these two teams will progress on to the third stage of the Champion Schools Netball Tournament in Term 3 – the Elimination Finals at Fremantle Netball Centre.

Congratulations to all Netball students who competed in this tournament. You are wonderful ambassadors for our college.

Diane Papas, Physical Education Teacher

SOCCER

This year John Forrest has a Senior Boys Soccer team competing in the School Sport WA Champion Schools Soccer Competition. In preparation for the season our team played a scratch match against the Guildford Grammar Second XI and in the competition to date have played two home games.

On 16 May John Forrest played Ellenbrook Community College. At half time the score was 1:1 but with few substitutes on the bench John Forrest was not able to match the Ellenbrook team in the second half and were defeated … we will not mention the score. Our second game against Mt Lawley was a much better performance and even though this game was of a higher standard John Forrest was defeated 5:2.

On the 27 June the boys enjoyed their first win of the season playing in a very competitive game against St Andrews Grammar. The score was 3:1—a very confident performance.

The boys have one game left to play and they intend to get another win. The most important ingredient in this team has been their incredible sense of humour. They just enjoy playing soccer and represent their college well!

Diane Papas, Physical Education Teacher

TENNIS NEWS

China Stars International Friendly Games

Match Play Days Tennis

Match play days this term were held at the Robertson Park Tennis Club and Sorrento Tennis Club. The matches were played on hard courts and synthetic grass and students competed in a round robin format, with each match lasting about 20 minutes.

There were some great matches and some incredible shots made. We also had a special guest attend the Match Play Day at Sorrento when former student Jake Hawthorne came along. Jake played in the event giving some very tough matches for the students. Jake currently plays Division 1 Men’s pennants and coaches at Bayswater Tennis Club. He has also completed his Bachelor of Event, Sport and Recreation Management and is a great role model for the Tennis students.

The divisional winners for the Sorrento competition were: Finn Keady, Hamish Sykes, Sateki A’Vard, William Cook, Ke Wen Lim, Steff Colley, Maddison Cooper, Nikita Hill, Brock Harper, Harshard Hirani and Alex Downey

Ten students from John Forrest Secondary College’s Specialist Tennis Program and their coach, John Campbell, took an eight day trip to Beijing to take part in the China Stars International Friendly Games during the Easter holidays. 250 students from Australia, New Zealand, South Africa and China took part, the largest number of participants since the games started. John Forrest was the only Public School present at the games.

The students each played five matches against Chinese teams and were able to play at the National Tennis Centre at the Olympic Venue. Alex Downey didn’t lose a match and the girls played some of the top Chinese players.

The trip also included great cultural visits to The Great Wall, The Forbidden City, Tiananmen Square, The Summer Palace, The Temple of Heaven and of course shopping in the markets.

John Campbell, Specialist Tennis Teacher
CROSS COUNTRY

The John Forrest Secondary College Phys Ed staff would like to thank all the students that took part in the first ever John Forrest Cross Country event held on the 2 May. Many students took part in the event and had to run a 3km course around the college grounds. From this event a team of 24 competitors were selected to represent the College at the School Sport WA Cross Country Championships held at McGillivray Oval on 25 May. The team had solid results on the day with many participants running personal bests, with the course ranging from 3km for lower school runners and 6km for the upper school boys.

A big thank you goes to Mr Campbell who brought muffins and fruit for the competitors.

Sam McShane, Phys Ed Teacher

HOT SHOTS TENNIS

This term the Year 11 Tennis and Cricket Certificate II students were introduced to the Tennis Australia Hot Shots Tennis Program. The students were involved in a two and a half hour course run by Tennis West. The course took students through basic coaching techniques, games and activities that children aged between three and seven can do in order to develop basic tennis skills. The Hot Shot Program is a modified coaching program and uses small racquets, soft tennis balls and reduced count size to ensure the young tennis players develop the appropriate skills and have fun.

John Campbell, HOLA—Health & Physical Education

AFL FINALS

It has been another big year for the junior and senior boys AFL teams. The senior boys finished off their competition in week 7 and finished second on the ladder. For the Year 12s, this was their last chance to represent the College in AFL and they thoroughly enjoyed representing John Forrest with pride. Betta Tran, Brendan Campbell, Mark Vader, Jacob Willcock and Ben Lynn led from the front each week.

The junior boys have had an outstanding season so far. They recently won their last pool game against Ballajura Community College to finish on top of all schools in the district and will now progress through to the next round to play against Trinity College. This is the first time it has happened in five years and all the boys are extremely proud of their efforts and excited for the next challenge. The game will be held on the 5 July. A big thank you to all staff and parents who have come down over the duration of the season to help out and cheer on the team.

Reece Phoenix and Sam Davis, Physical Education Teachers

YEAR 12 CERTIFICATE II COACHING CAMP

During the last week of Term 1 43 Year 12 students visited Corrigin District High School, Kondinin Primary School and Kulin District High School to showcase their coaching skills.

The students used their excellent coaching skills in the areas of AFL, soccer, netball, cricket, basketball and tennis to coach students from pre-school to Year 10.

The country schools look forward to our students offering their expertise and from the Deputy’s Desk – the Kulin District High School Newsletter quoted “The visiting students were fantastic and inspiring. It was a great chance to be instructed by some serious and talented up and coming coaches.”

A special thank you goes to the Netball girls who coached Kulin’s netball teams and to the Tennis students who had a hit with the local tennis club members. Thanks also goes to William Kirk and Hazwani Raymond who had the Kulin students hip-hopping during the lunch break!

The Camp gave the students an appreciation of country life, away from fast food outlets and electronic gadgets!!!

Peta Verco, Specialist Cricket Teacher
The world of work hit home for our Year 10 students during the period May 28 to June 1. The week after they concluded their first taste of exams they found themselves allocated to one of a number of employers across the metropolitan area. With the administrative help of SEITA (Swan Education Industry Training Association) 63 Year 10 students were sent out to some very interesting locations. We had students at the Forrestfield Marshalling Yards, a powder coating firm, fitness clubs, restaurants and cafés, veterinarian clinics and a variety of retail situations.

We at John Forrest passionately believe in the work experience program. The students are prepared thoroughly through their Careers lessons undertaken in Society and Environment. The Work Experience Program is not so much about getting the students a job but more about them enhancing general employability competencies.

We hope that the Year 10s will demonstrate: an ability to follow instructions, an ability to work independently, the ability to work as a member of a team and the ability to work in a safe manner. In class our students are thoroughly briefed on the latest information on occupational health and safety. Further, we expect our students to show initiative, to be able to problem solve and think on their feet.

On the whole, our students did their College proud. We received a great deal of complementary feedback from employers. A number of students have been offered casual employment, and some have been offered apprenticeships/traineeships.

Parents can rightly feel very proud of their sons and daughters. Not surprisingly, after having very sore feet for a week and getting very tired, some of our students have decided that staying at school for a bit longer is a pretty good option.

Vic Grzejszczyk (Head of Learning) Society and Environment.

UNIFORMS FOR CAMBODIA

A letter of thanks has been received on behalf of the uniform shop for donations made to the children of the Sunshine House, an orphanage in Cambodia. Thanks also go to Doug Chisholm, our Faults Coordinator. Doug has a close relationship with Sunshine House and has visited Cambodia several times. Having seen the needs of the children Doug coordinated the non-current items from the uniform shop to be donated to Awareness Cambodia for use in Sunshine House. The children of the orphanage also wear navy skirts and trousers for school so our old uniform items are perfect for them!

It is wonderful that the clothes that are no longer current uniform can be put to such a good use to help the children in the orphanage.

John Forrest Secondary College will be hosting a group of Japanese students from its sister school Koshigaya Nishi High School in August 2012. We are looking for friendly supportive families who are willing to host a student during their stay in Australia and be a part of this valuable school program.

When: Saturday 4 to Monday 13 August 2012 (9 nights)
What is needed: Apart from friendship, host families only need to provide a bed (a mattress is OK) and meals for the students. Shoji Australia act as guardians for the students during their stay and offer 24 hour bilingual support to students and host families. Families will be given a financial contribution to cover the student’s living expenses. The students will attend John Forrest Secondary College with your child(ren) for ESL lessons and do other activities during normal school hours.

Why: It’s rewarding and fun for families to experience another culture, share their experiences learning about Australia and form international friendships. This is a beneficial program for the college so we hope you will be involved.

If you are interested in being a host family please call Shoji Australia on 9385 6911 for more information or email Jenni at coordinator@shojiaustralia.com.au or simply complete an application form online at https://shojiaustralia.com.au/hostfamily_application_select.html.
JOHN FORREST
BUSH RANGERS
Adventure Camp!

We’re at it again! Taking time off school to have fun in the great outdoors. Challenging our fears, adrenalin pumping, team building doesn’t get any better than this. The Bush Ranger Program educates cadets not only about our environment, but also in personal growth.

At Ern Halliday, Suzi Houghton and Liam Vu, overcame their personal fears of heights and achieved the conquest of their first abseil.

Heidi Strickland overcame her fears of the dark and claustrophobia to take part in the 220m artificial caving system challenge.

And ... Tylah Williams, normally the little angel, quiet as a mouse, sailed through the air upside-down screaming “yee ha” as she flew down from a double storey tower on a flying fox.

Other activities included volley ball, archery, The BIG Drop, movies, a sing-a-long, eating and more eating, walking in the bush and heaps more. The cadets worked hard as a team to stack milk crates, building a tower high enough to ‘nearly’ touch the roof of the gymnasium and to ascend the swinging log challenge of Jacob’s Ladder. At night we played spot light and shared a campfire.

I have been a Bush Ranger Instructor for eleven years and every year in the program I believe I have had the most fun and enjoyed the company of the best students that our College has to offer - I am happy to say each year I am proven wrong! Bush Rangers is an amazing program that offers students personal growth, in knowledge, in character and in friendship - and did I mention its all free!

Life just doesn’t get any better than this !!!

Kevin Fletcher
JFSC Bush Ranger Unit Coordinator

Ten openings exist for Semester 2. These will be filled on a first come first served basis. Further opportunities will exist in February 2013. See Mr Fletcher for application forms.
Congratulations to Rhys Hopper who was recently selected as a member of the Hockey U16 State Schoolboys Selection Tournament Team and went on to win the The Bevan George Shield. Well done Rhys.

Congratulations to Nikeya Leonard on your selection to the Western Australian U18s Girls’ Junior Indoor Cricket team. The team will be competing at the 2012 Australian Indoor Cricket Junior National Championships to be held in Brisbane this July. Well done and good luck Nikeya.

Congratulations to Keanu Pinder on your selection to the WA 2012 State Basketball Team to compete at the National Schools Championships in Melbourne this August. Well done and good luck Keanu.

Congratulations to Raureti Engelen, Rachel Fallon, Kimberley Millar and Nefeli Perdikouli who were elected as Year 10 Student Councillors for Semester 2 2012.
